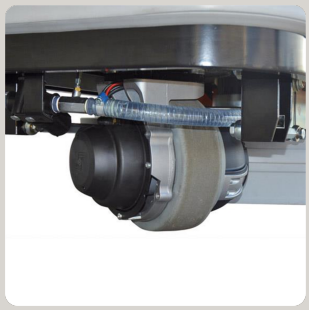
coral 65m

Theoretical working capacity: 3300 m^2/h

Ride-on scrubbing machine, compact and very easy to handle, with two counter-rotating brushes and a working width of 65 cm. Even if the squeegee is very short, it guarantees perfect drying results in any situation.



TECHNICAL DATA

- Ride-on machine with traction
- Power supply 24V/240Ah
- Cleaning width 660mm
- Brushes pressure adjustable max. 60kg
- Battery autonomy 3-4h
- Solution tank / recovery tank 100/105l
- Disc brushes 2x345mm
- Brushes speed 190rpm

- Larghezza tergipavimento:	860 mm
- Motore spazzole:	650 Watt
- Tipo di avanzamento:	automatico
- Pendenza superabile:	10%
- Motore aspirazione:	580 Watt
- Depressione aspirazione:	160 mbar
- Dimensioni macchina:	L: 1520 mm
	W: 730 mm
	H: 1320 mm
- Peso macchina:	238 kg
- Motore trazione:	600 Watt
- Velocità avanzamento max:	5 km/h
- Vano batterie:	L: 520 mm
	W: 415 mm
	H: 385 mm
- Classe:	III
- Grado di protezione:	IP 23
- Rumorosità:	<70 dB (A)

Ride-on scrubber, compact, 24V batteries powered and equippedwith a double counterrotating brushes brush base with two geared motors and a cleaning width 65 cm, even if it is very short the squeegee grant a perfect drying in every situation. The polyethylene tanks are very thick and ensure a 100 liters detergent solution capacity. The machine works with a 24V voltage and the battery pack has a maximum capacity of 240 Ah(5) ensuring a 4 hours autonomy. The driving seat is ergonomic, provided with digital controls and it indicates the setting and the battery level, the hours the machine worked and the brush pressure set.
